

The News.

Sherman continues to be the center of attraction for both Northern and Southern eyes. The occupation of Millidgeville by our forces is confirmed, and our troops were within a few miles of Augusta one week ago last Sunday. Great efforts were being made throughout the Confederacy to raise a force sufficiently large to give him battle. It was a rebel hope that sufficient troops might be congregated at Augusta to check Sherman's progress, and to that laudable end a large number have been ordered of Georgia and S. Carolina troops. The best indication of Sherman's success we get is contained in the fact that Richmond papers of Saturday suppressed the latest news from Georgia. As a general thing newspapers are not in the habit of suppressing news, especially if it is good news.

The Charleston Mercury says there are 2,000 skulkers in South Carolina, formerly of the rebel army. Solicitor Whiting and Judge Lewis are spoken of as Attorney General Bates' successors. The Times thinks Judge Advocate Holt stands the best chance.

Major Gunther of New York offers rewards amounting to \$25,000 for the arrest of the incendiaries that recently attempted to fire the city.

Our Neighbors.

Evidence multiplies that the land of our provincial neighbors is fast becoming a den of thieves, robbers and incendiaries. The St. Albans robbers and murderers came from Canada, and fled thither for protection when attacked by the vigorous Green-Mountainers. Yesterday's dispatches brought us details of the attempt to burn New York, fires for that purpose being set in no less than five of the principal hotels, and in Barnum's Museum. It is said these rascals came from Canada, and the question will soon become a very serious one with our government to ascertain just precisely the extent this matter is to be allowed to be carried by the authorities. When men's property is assailed and preyed upon by wolves the wolves are pursued and if not destroyed before, they are captured in their dens.

Canada is full of rebels and rebel sympathizers. Vallandigham tainted the whole moral atmosphere with treason while he watched and waited over the border. The time has come when the Canadian authorities must either stop the using of their borders as a base of operations for rebels, or else allow our soldiers to pursue these midnight assassins to their dens and inflict punishment upon them commensurate with their offense. We have borne the infamous "neutrality" of the mother country quite long enough, and we fear this conduct of our Canadian neighbors will be the last feather that is said to break the camel's back.

DINNER AT THE MILWAUKEE CAMP ON THANKSGIVING DAY.—The News says a very handsome dinner was provided for upwards of 250 soldiers at Camp Reno on Thanksgiving Day by the ladies. The repast was served about 4 o'clock in the afternoon. The soldiers at Camp and at the Soldiers Home were regaled in a similar manner through the same kind instrumentality.

The Rockingham (Vt.) Register learns that an extensive religious influence pervades the rebel army in the Valley. Among other earnest inquirers after the good and the right way, is General Early, who, the Register understands, was among the seekers of God's favor and blessing.

AN ASSEMBLYMAN ELECTED.—JAMES THOMPSON, jr., assemblyman elect from the 5th district, of Milwaukee, was among the men drafted in Milwaukee Friday from the 8th ward. He was the eight man drafted upon the one hundred per cent.

The Albany Evening Journal has complete returns of the New York election, official from all but two counties. The total vote is about 730,000—50,000 more than in 1860. The Union majority for Electors is 4,568, and for Governor 8,197.

The Davenport (Iowa) Gazette says rockets of a peculiar blue color have been thrown up recently of nights from a point opposite the rebel prison at Rock Island. They are undoubtedly signals to the prisoners, in the opinion of the Gazette.

The New York Herald gives a table of 36 railroad accidents which occurred in the United States between the 1st of September and the 17th of November, resulting in the death of 122 persons and the wounding of 355.

CREDITABLE.—Some of the boys of the 39th regiment presented the wife of Col. Buttrick with a purse of \$100. She accepts it with thanks and appropriates it to the Milwaukee Soldiers' Home.

The Christian Commission makes a statement of its operations and mentions the important fact that but 24 per cent. of contributions were consumed in expenses.

The Union Congressional Committee circulated during the Presidential campaign, 3,682,467 documents.

The latest returns from Minnesota—official—represent the Union majority in that State to be 7,550.

OFF. WINSLOW has been presented with a silver service by the citizens of Roxbury, Mass.

ONE of the attractions of the Sailors' Fair at Boston, is the sea serpent, or at least, a fish that comes nearest to the description of that monster of anything yet discovered. It is a very queer fish, brought into Fairhaven on Friday. It weighs about four hundred pounds and is thirteen feet in length, of which nine feet taper down to a serpent like tail. It has the mouth of a shark, with two rows of teeth, a fin on its back and a full eye like a bullock. In color and motion it resembles a serpent in the water.

MAN KILLEN.—The Sentinel says GEORGE WREN, a brakeman upon the Milwaukee and St. Paul railroad, fell off from a freight train coming east on Thursday night, and was instantly killed. He was missed from the train near Leroy, Janesville county, and as it was surmised he had fallen from the top of the cars. The train started back in search of him. Some fragments of his mangled body were soon found, which told too well the harrowing tale.

The Wheeling Intelligencer says: "As the winter season comes on the rebel deserters are swarming into this department from the South. We were informed yesterday that within the past five weeks two or three thousand soldiers have come in at one point, to say nothing of those who are certainly coming in at other points. It is deemed advisable not to mention the particular route by which the deserters escape to our lines for fear that the rebel authorities may stop up the hole."

HENRY WARD BEECHER on "CIDER."—Henry Ward Beecher recently delivered an address on "The Apple," before a Fruit-growers Convention. Referring to the gradual resumption of cider-making, an article at one time almost gone into disuse in consequence of the temperance movement, he said that while as a temperance man he could not recommend it, yet "if you will make cider, I beg you make it good."

The Electric Medical Journal argues in favor of men wearing a full beard, among other things says: "What would be said of him who would shave off his eyebrows, or pull out his eyelashes or have his head shaved all over? Such a practice would be pronounced uncouth, unreasonable, unhealthy, and necessarily wrong; yet if the hair of the head pertains to the laws of life and nature, who dare say the beard has a less important office to fill?"

The pay of the Confederate officers, though nominally quite sufficient, really does not suffice to pay their traveling expenses. An officer whose letter was read in the rebel Congress a few days ago, stated the case as follows:

"How can we, who live some six or seven hundred miles hence, afford to pay the railroad charges. According to present rates a Brigadier General's monthly pay will only carry him from Richmond to Augusta; a Colonel could not go further than Charlotte, N. C.; a Lieutenant-Colonel would have to lay over at Raleigh; a Major would not get further than Danville; and as for a poor Captain or Lieutenant, after paying for a bed in Richmond, they would have just about enough left to buy a ticket to the first water station."

The Richmond Whig says it is gratified to learn that the Indian nations west of Arkansas are true to the Confederate cause. It classifies the Creeks, Choctaws, Chickasaws and Seminoles as friendly to the South.

The Richmond Enquirer says that the manager of the Montgomery theatre has tendered the proceeds of a night's performance for the purchase of 'Travis' guns for Forrest.

INTELLIGENCE.—Alfonso Lombardi, a sculptor of the Emperor Charles V, was a great exorcism. He got punished one day by a lady of Bologna, to whom he took it into his head to make love in a foolish manner. She was his partner at a ball, in the midst of which he turned to her and heaving a profound sigh, said, as he looked her in the face with what he thought ineffable sweetness in his eyes, and we may suppose some fantastic and whirling gesture: "If it is not love I feel, pray what is it?" "Perhaps," said the young lady, "something like you."

The Janesville Gazette of Friday had an elaborate account of the grand celebration of Union victories in that city on Tuesday evening, but some one has confiscated our copy.—Madison Journal.

Presentation.

EDITORS GAZETTE.—A few weeks since by the invitations of Col. Miller, who has after years of study and toil succeeded in making a valuable improvement in the mode of coupling railroad cars, and Wm. B. Strong, the gentlemanly Superintendent of the Monrovia branch of the Mississippi & Pacific du Chien Railroad, a large number of railroad men, mechanics and other citizens of Janesville, availed themselves of the opportunity to get a short respite from the cares and anxieties of every-day life in an excursion to our enterprising sister town of Monrovia.

Col. Miller had arranged two flat cars with his newly patented "self coupler for railroad cars," so that he could explain its operation, simplicity, convenience and safety.

The excursionists, desiring to manifest their regards for the courtesy, kindness and attention of the Colonel and Mr. Strong, to render the excursion a pleasant and agreeable one to all concerned, on their way home quietly provided the means and appointed a committee to select and present some substantial token of friendship to Mrs. Miller and Mrs. Strong. The committee having performed this duty, and personally presented to Mrs. Miller, a beautiful service of plate, and to Mrs. Strong, two oil paintings of George Washington and of Martha Washington, will explain the following letters from the recipients of the gifts, acknowledging their presentation.

R. B. Treat, A. A. Jackson and J. T. Wright, Committee of the Monrovia Excursionists: GENTLEMEN.—Allow me to express in behalf of Mrs. Strong, her sincere thanks for the valuable gift of which you have just made her the recipient. Although most unexpected, and she feels undeserving, it surely is not unappreciated.

Nothing could have been more acceptable to her than such a faithful representation of the "Father of his Country," whom the whole world delights to honor, and of that true woman, so worthy of his love and of our admiration.

Certainly the gift could be more appreciated at such a time as this, when every American so much needs that incentive to self-sacrificing love of country, which a remembrance of his pure patriotism, and of her corresponding devotion to our national liberty, will impart.

These beautiful paintings shall be placed where they will daily admonish us to imitate the example of him who will ever be "first in the hearts of his countrymen," and to emulate the noble virtues of her who so worthily shares his name and his honor.

But the paintings will have a peculiar value of their own. Aside from their intrinsic merit, which deserves great commendation, they will ever be valued as the gift of personal friends, and as associated with one of the most delightful occasions treasured in the memory of the past.

Accept the assurances of my high personal regard and believe me, Very Respectfully, Your Obedient Servant, Wm. B. Strong.

JANESVILLE, WIS., NOV. 29, 1861. Dr. R. B. Treat, A. A. Jackson, Esq., and J. T. Wright, Esq., Committee.

GENTLEMEN.—Permit me to acknowledge, through you, to our friends in Janesville, the receipt of the very handsome service of plate which their partial kindness has prompted them to present to us. If any success shall attend the introduction of the invention for coupling railroad cars, and if, as we sincerely expect, it shall prove instrumental in promoting the safety and pleasure of travel, by affording greater security, it will always be a grateful remembrance to us that the efforts to that end were first appreciated and substantially aided by "railroad men," mechanics and other citizens of Janesville.

Will you please convey to our friends, the expression of our profound gratitude for their kindness, and accept for your courtesy in presenting their token to us. With great respect we remain, Gentlemen, Your Obedient Servants, E. MILLER, ANDREW J. MILLER.

A SOCIAL PARTY will be given at the Hyatt House Hall next Wednesday evening, Nov. 30th, by the Janesville City Quadrille Band, John Tuckwell, leader. The public are invited to attend. Tickets \$1.00.

A FRAGRANT BREATH AND PEARLY TEETH are easily attained, and those who fail to avail themselves of the means should not complain when accused of gross neglect. The Sordant will speedily eradicate the cause of a foul breath, beautifying and preserving the teeth to the oldest age.

Sold by all druggists. nov23dew1w.

DYSPEPSIA, NERVOUSNESS, AND DEBILITY, DR. STRICKLAND'S TONIC.—We can recommend those suffering with Loss of Appetite, Indigestion, or Dyspepsia, Nervousness and Nervous Debility, to use Strickland's Tonic. It is a vegetable preparation, free from alcoholic liquors; it strengthens the whole nervous system; it creates a good appetite, and is warranted to cure Dyspepsia and Nervous Debility.

Arrival and Departure of the mails at the Janesville Post Office, on and after May 16th, 1864.

A REPORT of the doings of the Board of Supervisors for yesterday and this morning is necessarily laid over until tomorrow.

FIXING OF SALARIES.—The Board of Supervisors to-day fixed the salaries of the County Treasurer, Clerk of the Board and District Attorney: the first at \$2,000 per annum, the second at 1,800, and the last mentioned at \$1,000.

ELEGANT is no name for the cloak ornaments, buttons and dress trimmings to be found at Slocom's, Myers Block, Janesville, Wis.

GREENEY OF THE REBELLION.—This history of the great rebellion, by Horace Greeley, is now being delivered in this city by Mr. Stephen W. Marsh, the agent.

ORDERS left at Deans Hat store on North Milwaukee street will be promptly attended to.

MONEY for the 13th REGIMENT.—I have this day received by express from the 13th Regiment, a package of money amounting to \$3,638, for distribution.

ALL persons expecting money from their friends in that regiment will please call at once.

REMOVAL of POST OFFICE.—We are informed that Mr. Burgess has rented the building now occupied by T. E. Woolis, at the east end of the upper bridge, for a postoffice.

THIS is an excellent location, being as near central as possible. It is a first class building, safe from fire and easy of access. We hope it will be satisfactory to all the people.

IF YE LOVE ME FEED MY SHEEP.—Rev. Geo. W. Honey, Chaplain of the 4th Wisconsin Cavalry, is in town soliciting sanitary supplies for the regiment to which he belongs, and will be glad to receive dried fruits, jellies, pickles, vegetables, etc., that are usually sent to the soldiers in the field. People in the country are especially requested to bring in vegetables. All articles to be left at the rooms of the Soldiers Aid Society. Will not each one send in something to make glad the heart of one soldier?

THE MAIL was not told me.—That is what the people say who have noticed Mr. Overton's advertisements and have been to his Clothing Store opposite the Hyatt House in Janesville, to buy clothing, cloths of all kinds, hats, caps, &c.

They say that the half was not told them in regard to the good quality, style and cheapness of his goods. They are all sure to buy and then they say they will tell their neighbors where to get good bargains.

TO THE WOMEN OF THE PRATRIES.—The North-Western Sanitary Commission, in connection with the Soldiers' Home and Rest, has decided to inaugurate a Mammoth Sanitary Fair, to fill our Treasury, and give \$25,000 to the Soldiers' Home, as you are advised by this bulletin. We ask the assistance of every Aid Society, Local League, and Good Templar's Association in the matter. We ask you to inaugurate the Labor, Income and Revenue System, heretofore introduced to your notice. We ask you to have concerts, tableaux, festivals, dances, lectures, fairs, in fine every effort you can conceive and carry out, in aid of our enterprise. In this way, every town, Aid Society, or county, will be credited with the results of its own efforts, and all, from this time, go to swell the amount of proceeds for our Mammoth North-Western Fair, which we are resolved shall eclipse all former western efforts, and be commensurate with our great geographical boundaries and vast enterprise, patriotism and humanity.

E. B. McCracken, President. E. W. Blatchford, Treasurer.

Those splendid O. K. Hoop Skirts can always be found at the ladies trimming store, Myers Block, Janesville, Wis.

Presentation.

EDITORS GAZETTE.—A few weeks since by the invitations of Col. Miller, who has after years of study and toil succeeded in making a valuable improvement in the mode of coupling railroad cars, and Wm. B. Strong, the gentlemanly Superintendent of the Morgan Branch of the Mississippi and Prairie du Chien Railroad, a large number of railroad men, mechanics and other citizens of Janesville, availed themselves of the opportunity to get a short respite from the cares and anxieties of every-day life in an excursion to our enterprising sister town of Monroe.

Col. Miller had arranged two flat cars with his newly patented "self-coupler for railroad cars," so that he could explain his operation, simplicity, convenience and safety.

The coupler worked to a charm, and the explanations readily convinced all present that the improvement was the desideratum long sought for by those interested in operating railroads.

The excursionists, desiring to manifest their regards for the courtesy, kindness and attention of the "Colonel" and Mr. Strong, to render the excursion a pleasant and agreeable one to all concerned, on their way home joyfully provided the means and appointed a committee to select and present some substantial token of friendship to Mrs. Miller and Mrs. Strong.

The committee having performed this duty, and personally presented to Mrs. Miller, a beautiful service of plate, and to Mrs. Strong, two oil paintings of George Washington and of Martha Washington, will explain the following letters from the recipients of the gifts, acknowledging their presentation.

H. R. Treat, A. A. Jackson and J. T. Wright, Committee of the Monroe Excursionists: GENTLEMEN.—Allow me to express in behalf of Mrs. Strong, her sincere thanks for the valuable gift of which you have just made her the recipient. Although most unexpected, and she feels undeserving, it is surely not unappreciated.

Nothing could have been more acceptable to her than such a faithful representation of the "Father of his Country," whom the whole world delights to honor, and of that true woman, so worthy of his love and of our admiration.

Certainly no gift could be more appreciated at such a time as this, when every American so much needs that incentive to self-sacrificing love of country which a remembrance of his pure patriotism and of her corresponding devotion to our national liberty will impart.

These beautiful paintings shall be placed where they will daily admonish us to imitate the example of him who will ever be "first in the hearts of his countrymen," and to emulate the noble virtues of her who so worthily shares his name and his honor.

But the paintings will have a peculiar value of their own. Aside from their intrinsic merit, which deserves great commendation, they will ever be valued as the gift of personal friends, and as associated with one of the most delightful occasions treasured in the memory of the past.

Accept the assurances of my high personal regard and believe me, Very Respectfully, Wm. B. Strong.

JANESVILLE, WIS., NOV. 28, 1864. Dr. R. Treat, A. A. Jackson, Esq., and J. T. Wright, Esq., Committee.

GENTLEMEN.—Permit me to acknowledge, through you, to our friends in Janesville, the receipt of the very handsome service of plate which their partial kindness has prompted them to present to us. If any success shall attend the introduction of the invention for coupling railroad cars, and if, as we assuredly expect, it shall prove instrumental in promoting the safety and pleasure of travel, by affording greater security, it will always be a grateful remembrance to us that the efforts to that end were first appreciated and substantially aided by the most delightful occasions of "railroad men," mechanics and other citizens of Janesville.

Will you please convey to our friends, the expression of our profound gratitude for their kindness, and accept for yourselves our warmest thanks for your courtesy in presenting their token to us.

With great respect we remain, Gentlemen, Your Obdient Servants, H. MILLER, AMANDA J. MILLER.

A SOCIAL PARTY will be given at the Hyatt House Hall next Wednesday evening, Nov. 30th, by the Janesville City Quadrille Band, John Truckwood, leader. The public are invited to attend. Tickets \$1.00.

A FRAGRANT BREATH and PEARLY TEETH are easily attained, and those who fail to avail themselves of the means should not complain when accused of gross neglect. The Sordodont will speedily eradicate the cause of a foul breath, beautify and preserving the teeth to the oldest age.

FROM THE SOUTH.

New York, Nov. 28.—The Post's Washington special states that Richmond papers of Saturday suppress latest news from Georgia, but there are indications that Sherman is still successful.

A special messenger just arrived here from Savannah, reports that no doubt exists of Sherman's success. A fleet is ready to co-operate with him on the sea coast of Georgia.

New York, Nov. 29.—In late rebel accounts regarding Sherman's movements, they show the separate movements of the respective columns under Generals Howard and Slocum. Both of them are admitted by the rebel papers to be well across the Oconee river. The report that Milledgeville has been occupied is confirmed, and the destruction of charcoal works and foundries at Griswoldville. The panic created both in Georgia and South Carolina by the march of the irresistible conqueror, is something which has been unparalleled during the war.

A levy en masse of the Georgia and South Carolina militia has been ordered and desperate efforts were being made to concentrate at Augusta some opposition to Sherman's advancing columns.

The Augusta Constitutionalist of the 29th, says a raiding party of the enemy tapped the road ten miles east of Macon and destroyed a lumber train. Heavy cannonading and musketry fire were heard east of Gordon. It was supposed Gen. Wayne at Gordon had been attacked. Milledgeville had been entirely evacuated by our forces before the enemy entered, and everything of value was brought away.

The Augusta Dispatch of the 29th, says the movement of Sherman on Milledgeville, was a feat for the purpose of concentrating our forces there, and the raid on the Central road was for the purpose of keeping them there, whilst the whole force of the enemy moves upon and captures Augusta or Savannah.

The Augusta Constitutionalist gives the progress of a column under Slocum. About 10,000 cavalry visited Madison on the Georgia State Railroad, and burned it on the 20th. An engine sent up the road, found the enemy at Buck's Head, eleven miles nearer Augusta. On the 19th, some of our men were fifteen miles from Augusta, probably a raiding party.

The Augusta Chronicle of the 29th, says a large cavalry force left Greenville, S. C., headed across the country in the direction of Atlanta, with a view of cutting off a Yankee column moving down the Georgia road in this direction.

It is said that Breckenridge was to leave Upper East Tennessee with his troops, on the 12th, for the Georgia line. With Hood in his rear, Breckenridge in his flank and 30,000 veteran troops in his front, Sherman cannot escape.

The Augusta Constitutionalist says: As we write, the glad and familiar shout of veteran troops just arriving from South Carolina depot comes up from the streets. If Sherman's men retreat the way they will hear the whistle of bullets from the many guns which have often been pointed at fanatics on the banks of the Potomac and James. Before our readers see this, other glad shouts will be heard in our streets.

The Macon Confederacy of the 29th says Gen. Hardee arrived here this morning. Gen. Beauregard will probably be here tomorrow.

Since the date of the above, communication with the last has been cut off by Sherman, and Hardee and Beauregard are left far in the rear of Sherman. Gov. Brown is at Decatur, and Beauregard was reported at Macon on the 23d. They have encouraging news from Georgia but will be unable to tell their readers their readers that the official advices from Georgia are as favorable as they could expect.

FROM WASHINGTON.

New York, Nov. 29.—The Herald's Washington special says information has been received there, of the formation of a peace party in Ala., Ga., and Miss., for the re-admission of those States.

A small engagement took place on Sunday at Moorhead, West Virginia, in which the rebels lost twenty men. It is also said that 1,500 rebels had made their appearance at New Creek. This is very doubtful.

The Time's special says Col. Baker on the 4th inst. informed Gen. Dix of the plot to burn New York and a man named Ward organizer of the plot was arrested and sent to Fort Lafayette. The day after election he was released and has not been seen since.

WASHINGTON, Nov. 28.—There are no fears of a diplomatic rupture between this country and Brazil, as Gen. Webb took steps immediately upon the seizure of the pirate Florida to ally any ill-feelings on the part of the Brazilian government and render an amicable adjustment of the difficulty.

It is believed here, that in a few days we shall have intelligence direct from Gen. Sherman by way of Savannah or Charleston.

The friends of Mr. Chase have given up all hope of his appointment to the Ohio Trusteeship.

WASHINGTON, Nov. 28.—The following order has just been issued: WAR DEPARTMENT, ADJ. GEN. OFFICE, WASHINGTON, Nov. 28.—General Order No. 257.—Order for raising and organizing a new volunteer army corps.

Miscellaneous.

1st. That an army corps to consist of not less than 20,000 infantry and enlisted for less than one year, to be designated the 1st Corps. It shall be organized in the District of Columbia, commencing organization on the 1st day of Dec. 1864, and continuing until the 1st day of Jan. next. The privates are to consist of able-bodied men who have served honorably for not less than two years.

2d. Recruits will be furnished transportation to Washington and will be credited to the district in which they or their families are domiciled; and will be paid a special bounty of \$200 from the substitute fund, upon being mustered into the service. Each recruit who preserves his arms to the end of this term, may retain them as his own upon being honorably discharged.

3d. Rules of organization will be prescribed by the Adj. Gen. Heads of Bureaus will detail competent officers for the prompt examination, organization, arming, equipping and supplying of this corps.

4th. Maj. Gen. Hancock is assigned to the command of this corps, with headquarters at Washington.

E. D. TOWNSEND, A. A. G.

FROM SHERMAN'S DEPARTMENT.

NASHVILLE, Nov. 28.—Nothing from Hood's army or our front since yesterday evening. The wires are down. Hood made an assault on our works at Columbia on Duck river Saturday and was badly repulsed. Some portion of rebel cavalry succeeded in crossing Duck river. Hood has made no other demonstration of his plans thus far. He has accomplished nothing further than consigning some of his dear friends.

There is no foundation for rumors of the evacuation of Johnsonville, except a proper preparation for possible contingencies. The military situation is satisfactory to the authorities.

The impression gains ground that Hood will move east across the Chattanooga road, possibly with the hope of accomplishing something by co-operating with Breckinridge.

FROM GRANT'S ARMY.

WASHINGTON Nov. 29.—Ex-Gen. Roger A. Pryor serving as a private soldier in the confederate army, was captured last Friday by our pickets while attempting to exchange papers. This was done in retaliation for the recent capture of Capt. Burbridge by a rebel picket. Pryor says Lee issued an order for the return of Capt. Burbridge, on Saturday and Pryor will probably be returned as soon as Burbridge is dismissed from the army, for disobedience of orders forbidding intercourse with the enemy under any pretext. Pryor is now in the city of Richmond.

News from the army of the Potomac up to Saturday evening, states that the usual amount of picket firing is going on. Everything else is quiet. There is considerable cannonading and picket firing in Butler's department.

FROM NEW YORK.

New York, Nov. 28.—Gold has been steady during the morning with no special speculative movement. Opened at 228, reached 231.

The police are still at work ferreting out the incendiaries in this city. Two more were arrested this morning. In pursuance of Gen. Dix's order, southerners are flocking to Gen. Dix's headquarters to register their names.

Mayor Gunther sent a message to the Common Council recommending the offering of rewards amounting in the aggregate to \$25,000.

STORE TO RENT!—The Store formerly occupied by me as a Grocery Store, for sale

The Nashville Argus chronicles the death of N. B. Woodruff, founder of the village of Richmond, in Vanhusa county. Mr. W. was one of the earliest settlers of the State, having first settled near what was then Southport, near Kenosha. He died of consumption. The Richmond county Observer notices the slaughter of five fat deer in that vicinity. The same paper says Cobb's majority for Congress in that district will be 3,587 without the soldiers' vote. The "Benson Institute" is the name of an institution of learning under the patronage of the Methodist Church, located in the southwest part of Adams county. The Adams county Press says: "It was established in 1856, under the supervision of the M. E. Church, and during the past seven years its course has been steadily upward, and to-day it is ranked among the best institutions of learning in the State." The Manitowish Tribune says S. A. Wood and E. Durkin, both of that village, have invented and are now perfecting a rotary engine, which bids fair to create a revolution in the mechanic arts, as well as in the machinery which it propels. Christian Anderson, of Manitowish, had his arm smashed in a threshing machine, he was feeding. The Tribune says these accidents are altogether too common. Greenway's House in Ripon was entered by burglars, and robbed of \$180 on Friday night of last week. The owner of the money was asleep with a revolver under his pillow when the money was abstracted from his pocket.

The Movements of Breckinridge.

[From the Louisville Journal, Nov. 22.] Gen. Breckinridge is now in East Tennessee with a large force. It is claimed that his army numbers ten thousand men. By a bold and rapid advance he succeeded in surprising and defeating Gen. Gillem at Bull's Gap. Our forces were driven from this strong position, and Breckinridge became master of the situation. The line of defense was broken, and East Tennessee left open to rebel invasion. Finished with easy success and the spoils of victory, the rebel General pushed rapidly forward, advancing without opposition, to Strawberry Plains and Blair's Cross Roads; first threatening Knoxville, then Cumberland Gap. So soon as the news of Gillem's disaster reached department headquarters, Gen. Burbridge advanced from Lexington with a strong force, to afford protection to the Kentucky border. He is now in the eastern part of the State with his command, watching the movements of the enemy. General Stoneham is also in Eastern Kentucky superintending operations. On the 21st Breckinridge was within six miles of Cumberland Gap. At Powell's Bridge he was confronted by our forces, and a heavy skirmish was kept up between the two lines all day. It is presumed by some that the rebel General is making a demonstration to favor Hood. This is hardly probable, as Hood, independent of Sherman's movements, feels safe in his position. He occupies Waynesboro from which point he threatens both Nashville and Paducah. Our army is concentrated at Paducah. Paducah is being placed in a state of defense. The most plausible theory is that Breckinridge has his eyes upon Kentucky, and is moving his columns to invade the soil of the Commonwealth. East Tennessee, especially in the vicinity of Cumberland Gap, is a desolate region, and we cannot believe that the rebels will be content with the capture of that post, with starvation staring them in the face. They want provender and provisions, and the rich valleys of Kentucky are their only hope. They are tempting, and a desperate effort will be made to place them under rebel occupation. Our troops are active in East Tennessee and on the Kentucky border, and it seems impossible that the rebels can succeed in their designs against the energy and bravery of our forces.

From Nashville.

Nashville, Saturday, Nov. 20.—The situation of both armies is about the same. There was skirmishing yesterday in the neighborhood of Lynchville, with a loss of 30 or 40 on each side. We hold the line of the Duck river securely. The Times of this morning contains a statement by Capt. J. S. Carter, of the 14th Tennessee, of his experience while a prisoner in the hands of the rebels. He was taken at Fort Pillow, April 12th. He was one of those officers placed under fire by the rebels at Charleston, was then taken to Columbia with 15 others, who were huddled together in the open air, exposed to sun and rain. Some of the officers, amongst them Capt. W. J. Rame, of the 75th Ohio, escaped by floating in a canoe down the Congaree river, and reaching the United States ship, Canandaigua. At times Capt. Pastor says our prisoners were fed on raw corn in the ear. He found great hostility to the Davis Government throughout Georgia. In Charleston, S. C., many loyal people were found, and they were eager to exchange five dollars in rebel currency for one in greenbacks. The negroes were very where the friends of the prisoners. An election was held among our officers at Columbia, S. C., with the following result: Lincoln, 1,031; McClellan, 114. Thanksgiving day passed off pleasantly in this city, and last night there were less robberies and murders than any night for the previous three weeks. Captain Goodwin, Assistant Provost Marshal General of the Department of the Cumberland, returned to this city last night from a twenty days leave of absence, with recruited health and strength. He states again on the discharge of those duties which he has heretofore exhibited such energy and ability. Colonel Walker has been appointed President of the Military Commission sitting in this city. The weather continues fine and favorable for military operations. Hatch's cavalry men were engaged with Forrest's rebels and drove them back.

Prof. Feltow, while at Athens, was surprised at the classic purity of Modern Greek; the language is not dead, and chiefly differs in pronunciation from that taught in our schools. A little rhapsody from Othello, used only a single modern word, "coffee-house," in a dialogue of twenty minutes; and young belles spoke the hard old tongue with an artless facility not gained here by the studies of thirty years.

This Pekin Gazette publishes a report from the Chinese government on the extinction of the rebellion, which end with the following words: "It is therefore most needful that thanks be offered to the gods for their assistance. Wherefore the Board of Rites is directed to examine into the services rendered by the different gods, and to report to us."

Sherman's Orders for His March.

HEADQUARTERS, MILITARY DIVISION OF THE MISS., IN THE FIELD, KINGSTON, GA., Nov. 2, 1864.

Special Field Order, No. 120. I. For the purpose of military operations this army is divided into two wings, viz: the right wing, Maj. Gen. O. O. Howard commanding, the 15th and 17th corps; the left wing, Maj. Gen. H. W. Slocomb commanding, the 14th and 20th corps. II. The habitual order of march will be, whenever practicable, by four roads, as nearly parallel as possible, and converging at points hereafter to be indicated in orders. The cavalry, Brig. Gen. Kipterick commanding, will receive special orders from the Commander-in-Chief. III. There will be no general trains of supplies, but each corps will have its own train, and will be supplied by railroads, or by the country. In case of danger, each army corps should change this order of march by having its advance and rear brigades uncumbered by wheels. The separate columns will start habitually at seven a. m., and make about fifteen miles per day, unless otherwise fixed in orders. IV. The army will forage liberally on the country during the march. To this end, each brigade commander will organize a good and sufficient foraging party, under the command of one or more direct officers, who will gather, near the route traveled, corn or forage of any kind, vegetables, corn meal, or whatever is needed by the command; aiming at all times to keep in the wagon trains at least ten days provisions for the command, and three days forage. Soldiers must not enter the dwellings of the inhabitants or commit any trespass. During the halt or a camp they may be permitted to gather turnips, potatoes and other vegetables, and drive in stock in front of their camps. To regular foraging parties must be entrusted the gathering of provisions and forage at any distance from the road traveled. V. To army corps commanders is entrusted the power to destroy mills, houses, cotton gins, and all other buildings and property in the line of march, which are useless, or the destruction of such property should be permitted; but should guerrillas or bushwhackers molest the march, or should the inhabitants burn bridges, obstruct the roads, or otherwise manifest hostility, then army corps commanders should order and enforce a devastation more or less relentless, according to the measure of such hostility. VI. As for libraries, mules, wagons, &c., belonging to the inhabitants, the cavalry and artillery may appropriate freely and without limit; discriminating, however, between the rich, who are usually hostile, and the poor or industrious, usually neutral or friendly. Foraging parties may also take mules or horses to replace the mules of their trains, or to serve as pack mules for the regiments or brigades. In all foraging, of whatever kind, the parties engaged will refrain from abusive or threatening language, and may when the officer in command thinks proper, give written certificates of the facts, but no receipts; and they will endeavor to leave with each family a reasonable portion for their maintenance. VII. Negroes who are able-bodied and can be of service to the several columns, may be taken along; but each army commander will bear in mind that the question of supplies is a very important one, and that his first duty is to see to those who bear arms. VIII. The organization of one of a good pioneer battalion for each corps, composed, if possible, of negroes, should be attended to. This battalion should follow the advance guard, should repair roads and double them if possible, so that the columns will not be delayed after reaching bad places. Also, army commanders should study the habit of giving the artillery and wagons the road, and marching their troops on one side; and also instruct their troops to assist the wagons at steep hills or bad crossings of streams. IX. Capt. O. M. Poe, Chief Engineer, will assign to each wing of the army a pontoon train, fully equipped and organized, and the commanders thereof will see to its being properly protected at all times. By order of: W. T. SHERMAN, Maj. Gen.

L. M. DAVISS, Aid de Camp.

HEADQUARTERS TWENTYTH CORPS, ATLANTA, GA., Nov. 7, 1864.

When the troops leave camp on the march about to commence they will carry in haversacks two days' ration's salt meat, two days' hard bread, ten days coffee and salt and five days' sugar. Each infantry soldier will carry sixty rounds of ammunition on his person. Every effort should be made by officers and men, to save rations and ammunition; not a round of ammunition should be lost or unnecessarily expended. It is expected the command will be supplied with subsistence and forage mainly from the country. All foraging will be done by parties detailed for the purpose by brigade commanders, under such rules as may be prescribed by brigade and division commanders. Pilaging, marauding, and every act of cruelty or abuse of citizens will be severely punished. Each brigade commander will have strong guard posted on every road, and will order the arrest of all stragglers. The danger of pilaging on this march should be impressed upon the mind of every officer and man of the command. Not only the reputation of the corps, but the personal safety of every man will be dependent, in a great measure, upon the rigid enforcement of discipline and the care taken of the rations and ammunition. By command of: Maj. Gen. SLOCUMB, H. W. PERKINS, Asst. Adj. Gen.

The death of Hon. James H. Hammond, formerly Governor of, and then United States Senator from South Carolina, reminds us of the fact that this eminent Southern aristocrat and nobleman never once, within our knowledge, raised his voice in favor of the slaveholders' rebellion. He was a life-long slaveholder, with the prejudices and the sympathies of his class; yet he never encouraged the rebellion, doubtless because he never believed in it. At the end of his State's volunteering his seat in the United States Senate, he there stood up. He foresaw the ruin and the bloodshed that would follow, and he therefore retired to his plantation and watched the fulfillment of his own sad forebodings, until death kindly interposed to terminate his sufferings. [N. Y. Tribune.]

Mrs. JOHN ADAMS, writing to her husband in Europe, October 15, 1780, gives the following prices of provisions in the colonies at that time: Corn is now £30, rye £27 per bushel. Flour £130 to £140 per hundred. Beef \$3 per pound; mutton \$9; lamb \$6, and \$8. Butter \$12 per pound; cheese \$10. Sheep's wool \$30 per pound; flax \$30. Sugar \$110 to \$200 per hundred; molasses \$48 per gallon, ten \$90; coffee \$12. Cotton wool \$30 per pound. Money scarce; and to be reported to us."

DEAR SIR:—With your permission I wish to say to the readers of your paper that I will send, by return mail, to all wishing it (free), a Recipe, with full directions for making and using a simple Vegetable Balm, that will effectually remove, in ten days, Pimples, Blisters, Tans, Freckles, and all Impurities of the Skin, leaving the same soft, clear, smooth and beautiful. I will also mail free to those having Bald Heads, or Bare Faces, simple directions and information that will enable them to start a full growth of Luxuriant Hair, Whiskers, or a Moustache, in less than thirty days. All applications answered by return mail without charge. Respectfully yours, THOS. F. CHAPMAN, Chemist, 231 Broadway, New York.

HAGAN'S MAGNOLIA BALM.

This is the most delightful and extraordinary article ever discovered. It changes the sun burnt face and imparts a pearly satin texture of ravishing beauty, imparting the marble purity of youth, and the distinctive appearance so inviting to the belle of fashion. It removes tan, freckles, pimples and roughness from the skin, leaving the complexion fresh, transparent and smooth. It contains no material injurious to the skin. Patented by Actresses and Opera Singers. Its value every lady should have. Sold everywhere. Prepared by W. E. HAGAN, Troy, N. Y. Address all orders to DEMAS BARNES & CO., New York.

LYON'S KATHAIRON.

Kathairon is from the Greek word "Katharo" or "Kathairo," signifying to cleanse, rejuvenate and restore. The article is what is well signified. For preserving, restoring and beautifying the human hair it is the most remarkable preparation in the world. It is simple, elegant and put up by the original proprietor, and is now made with the same care, skill and attention which gave it a sale of over one million bottles per annum. It is a most delightful Hair Dressing. It eradicates scurf and dandruff. It keeps the head cool and clean. It makes the hair rich and glossy. It prevents the hair from falling out and turning gray. It restores hair upon bald heads. Any lady or gentleman who values a beautiful head of hair should use Lyon's Kathairon. It is known and used throughout the civilized world. Sold by all respectable dealers. DEMAS BARNES & CO., New York.

MEXICAN MUSTANG LINIMENT.

The practice by St. Louis and Cincinnati, who have been Counterfeiting the Mustang Liniment under pretense of proprietorship, have been thoroughly exposed by the Courts. To guard against further imposition, I have procured from the United States Treasury, a private seal plate revenue stamp, which is placed over the top of each bottle. This stamp bears the facsimile of my Signature, and without which the article is a Counterfeit, dangerous and worthless imitation. Examine every bottle. This Liniment has been in use and growing in favor for many years. There hardly exists a hamlet on the habitable Globe that does not contain evidence of its wonderful effects. It is the best emollient to the world. With its present improved ingredients, its effects upon man and beast are perfectly remarkable. Sores are healed, pains relieved, lacerations, wounds, cuts, bruises, sprains, rheumatism, swellings, bites, cuts, cracked breasts, strained horses, &c., it cures. Sovereign Remedy for every ailment. Sold by all Druggists. DEMAS BARNES & CO., New York.

Medical.

DR. KNAPP & SON Physicians & Surgeons. FORMERLY OF NEW YORK, are practicing successfully.

CHRONIC DISEASES.

On a New System! Which embraces the best and most approved methods in this and other countries for the cure of all Chronic Diseases. They treat successfully.

All Nervous & Neuralgic Affections.

All forms of Spasms, Dyspepsia, Diseases of the Liver, Constipation, all Skin Diseases, Pulmonary Consumption, all its early stages, Paralysis, Palsy, Salt Rheum, Rheumatism, all forms of Rheumatism, Diseases of Children and Seminal Weakness, & Sexual Diseases, Which are carrying thousands to their graves annually.

EYE AND EAR!

They treat successfully, on a new method, all diseases of the Eye and Ear. They have had more extensive practice, and better success in the treatment of all diseases of the Eye and Ear, than any other physicians in America. They have cured women who have been confined to their bed for years. They never fail to cure Rheumatism! In all cases, no matter of how long standing. They cure all diseases of the Eye and Ear. They have a Sure Cure for the distressing disease, Hemorrhoids or Piles. They cure all diseases of the Throat or Lung.

DIPHTHERIA CURED!

They have discovered a SURE AND SPEEDY CURE For this Terrible Disease! It is a new and sure cure for Scarlatina, or Scarlet Fever, which is the same as diphtheria. It never fails to cure Diphtheria or Scarlatina in from 12 to 48 hours. It gives relief immediately. PRICE PER BOTTLE, - - \$5.00.

CANCERS!

They have had an extensive practice and wonderful success in the treatment of Cancers, which they CURE without cutting them out or using the Knife. Let those who have Tumors or Swellings, or a foul sore no time in having it attended to, as a timely treatment may save them from the horrors, suffering and death of an open cancer.

CATARH CURED!

They are treating Catarrh on a new system which is a SURE CURE FOR THIS DISEASE! Experience has proved that Catarrh cannot be cured by local treatment alone; hence, the many advertisements for Catarrh, all of which are local remedies, give relief only while the patient is using them, but never cure. Understanding the disease and how it cannot be cured by local treatment alone, therefore, we also prescribe a course of internal medicine, and by the combined local and constitutional treatment, we are enabled to remove the causes of Catarrh, and thereby effect a permanent cure. Their cures for years have averaged from five to seven thousand a year, which gives them an experience unsurpassed by any, and equalled only by a few. Remember they do not promise to cure all stages of disease. While all diseases are curable, if taken in season, all stages are not. Your case may be curable this week, not next—hurry, not to-morrow; hence the danger of delay. No case will be received, when there are any doubts of Cure or Relief. Our Terms are easy; hence the money must be sent with all orders for medicine. It costs from five to fifteen dollars per month, to doctor with us, which includes any medicine which we may think necessary. The poor will be favored. CONSULTATION FREE. Patients must write their name, State, post office address, plainly. All letters requiring an answer must contain a letter stamp, and be addressed to DR. KNAPP & SON, Racine, Wisconsin. Any of the above diseases can be treated successfully by the patients' describing their case to us, when they cannot see us. Dr. Knapp & Son, who will be regularly for seven years, can be consulted at the Hyatt House, nov14aw3medit
